JOURNAL
OF THE
Tennessee Academy of Science

VOLUME XXX, NUMBER 4

CONTENTS

	PAGE
Studies on Cestode Parasites of Sharks and Skates. Nathan W. Riser	265
Two Unusual Anatomical Anomalies Occurring in the Biliary Tract of the Cat and Chicken. Phillip H. Mann	312
Some Abnormalities Found in Tail-short Heterozygotes. Walter C. Morgan	316
FOR THE HIGH SCHOOL SCIENCE TEACHER. J. T. Johnson	325
Science Fairs in Tennessee. Dewey E. Large	325
National Science Fair Exhibits by Tennessee Students	330
The Remote Control Panel. Fred A. Breeding	330
Construction of a Telescope. Charles J. Schwartz	331
The Importance of National Science Fairs to the Student. Anna Weigel	333
The Importance of the Science Fair from a Teacher's Point of View. Lula Mae Shipe	334
News of Tennessee Science. Carl Tabb Bahner	334
Index to Volume XXX, 1955	337

OCTOBER, 1955

JOURNAL of the Tennessee Academy of Science

EDITORIAL STAFF

JESSE M. SHAVER, *Editor Emeritus*, George Peabody College for Teachers, Nashville
HELEN L. WARD, *Editor*, University of Tennessee, Knoxville
CARL TABB BAHNER, *News Editor*, Carson-Newman College, Jefferson City
A. C. COLE, *Zoology Editor*, University of Tennessee, Knoxville
CARL M. HILL, *Chemistry Editor*, Tennessee A and I College, Nashville
W. B. JEWELL, *Geology-Geography Editor*, Vanderbilt University, Nashville
JOHN T. JOHNSON, *High School Science Editor*, Young High School, Knoxville
M. L. MACQUEEN, *Mathematics Editor*, Southwestern College, Memphis
ELSIE QUARTERMAN, *Botany Editor*, Vanderbilt University, Nashville
W. ROGER RUSK, *Physics-Astronomy Editor*, University of Tennessee, Knoxville

Entered as second class matter at the post office at Knoxville, Tennessee, under Act of August 24, 1912, acceptance of mailing at special rate of postage provided for in Section 1103, Act of October 3, 1917, and authorized September 16, 1931.

Published quarterly, in January, April, July, and October, by the Tennessee Academy of Science at Knoxville, Tennessee.

The Journal is sent to all members not in arrears for dues. The subscription price is \$2.00 a year, invariably in advance. Single copies 75c.

All articles and communications for publication, books and publications for review, should be addressed to the Editor.

New subscriptions, changes of address, and applications for membership should be addressed to the Secretary. Personal items, news of events in the scientific world, and other notes suitable for our "News of Tennessee Science" department should be addressed to the News Editor.

THE TENNESSEE ACADEMY OF SCIENCE

(Founded 1912, at Nashville, Tennessee)

Affiliated with the American Association for the Advancement of Science

AFFILIATED SOCIETIES

Tennessee Ornithological Society, Nashville, Tennessee
Barnard Astronomical Club, Nashville
Tennessee Science Teachers Association

OFFICERS

FREDERICK T. WOLF, *President*, Vanderbilt University, Nashville
CLAUDE S. CHADWICK, *Vice-President*, George Peabody College for Teachers, Nashville
JESSE M. SHAVER, *Editor Emeritus*, George Peabody College for Teachers, Nashville
HELEN L. WARD, *Editor*, University of Tennessee, Knoxville
ISABEL H. TIPTON, *Secretary*, University of Tennessee, Knoxville
JAMES W. WHITE, *Treasurer*, University of Tennessee, Knoxville

The Tennessee Academy of Science is very anxious to include in its membership all teachers and professors of science, research workers in science both in educational institutions and industrial establishments, and all others who are interested in some phase of science. We invite you to join our organization and take part in our activities. The annual dues are: \$3.00 for members and \$10.00 for sustaining members. They may be sent direct with your application for membership to the secretary.

The Burgess Publishing Co. Presents....

classroom tested books

A LABORATORY MANUAL OF ELEMENTARY PHYSIOLOGY
Samuel R. Tipton — Helen L. Ward, University of Tennessee

This book is designed to give the student a basic understanding of the functional relations between the various organ systems of the body. A few simple experiments on organ anatomy are included. Suitable for a two-quarter, elementary physiology course. Copyright 1955; 79 Pages; 8½x11 Size; Photo Offset; Spiral Bound; \$2.25

MICROTECHNIQUE:
A STUDENT'S GUIDE TO SLIDE-MAKING

Arthur W. Jones, University of Tennessee, and John M. Carpenter,
University of Kentucky

In this book emphasis is placed on student use of several reference works in his preparation of slides. It is a general guide which is easily adaptable to any course in technique. An excellent treatment of microscopy and evaluation of slides is also included. Copyright 1952; 46 Pages; 8½x11 Size; Mimeoprint; Spiral Bound; \$1.75

FUNDAMENTAL CONCEPTS OF MATHEMATICS
Richard H. Moorman, Tennessee Polytechnic Institute

As its title implies, this book deals with the fundamental concepts of mathematics—the function concept, natural, binary and octonary numbers, the nature of proof through inductive reasoning, measurement and the concept of decimal fractions. Excellent for those lacking mathematical background. Copyright 1955; 127 Pages; 8½x11 Size; Photo Offset; Spiral Bound; \$2.75

GENERAL ZOOLOGY LABORATORY GUIDE
James T. Tanner, University of Tennessee

Six broad topics are considered in this zoological guide: biology of an organism, a survey of the animal kingdom, ecology, cytology, genetics and evolution. Featured are numerous figures and diagrams; specific and general questions allows great flexibility in its use. Copyright 1952; 145 Pages; 8½x11 Size; Photo Offset; Spiral Bound; \$2.50

You may order these books by mail. We pay the postage when remittance accompanies order.

Burgess Publishing Company
426 South Sixth Street — Minneapolis, Minnesota

A SCIENCE CURRICULUM

Especially Arranged For Preparing Teachers of Science

The prospective teacher may get a minimum of three years in one science (Biology or Chemistry), two years in a second science, and one year in the third science, with the courses in Psychology and Education required for a teaching certificate, including practice

teaching in science. Graduate work through the master's degree given in biology and chemistry in order to prepare teachers for the larger high schools or for teaching positions in small colleges.

Write for catalogue mentioning the field of your interest to
