## NOTICE TO AUTHORS

Papers submitted for publication in the *Journal* may be sent to any member of the editorial staff. Manuscripts should be typewritten, double or triple spaced, with wide margins, and with legends for figures typed on a separate page. Recent issues should be consulted with regard to matters of style. Each table should be placed on a separate sheet. Footnotes should not be used except very rarely. Greek letters and symbols should be avoided as much as possible.

The style for the list of references should conform to the style used in recent issues of the *Journal*. This list should be headed Literature Cited. The following example illustrates the proper style to be used for references:

Snow, W. E. and Eugene Pickard. 1954. Observations on the seasonal activity of some night-biting Diptera. *J. Tenn. Acad. Sci.* 29: 17-22.

Photographs (black and white glossy prints) may be accepted as illustrations; however, line drawings and diagrams are preferable. Drawings should be made in India ink on white paper or Bristol Board. An article containing more than 2 or 3 illustrations can be published only with the financial cooperation of the author.

A blank form for ordering reprints from the printer is enclosed with the galley proof. The cost of reprints is as follows:

	2 pages	4 pages	8 pages	12 pages	16 pages
100 copies -----	\$8.00	\$10.00	\$19.00	\$28.00	\$37.00
Each additional 100-----	1.50	2.00	4.00	6.00	8.00

The Tennessee Academy of Science is very anxious to include in its membership all teachers and professors of science, research workers in science both in educational institutions and industrial establishments, and all others who are interested in some phase of science. We invite you to join our organization and take part in our activities. The annual dues are: \$4.00 for members except for teachers below the college level, whose dues are \$2.00, and \$10.00 for sustaining members. They may be sent direct with your application for membership to the secretary.

Our Company maintains a large stock of biological materials of all kinds. We have grown steadily during the thirty-one years we have been in business. It is our belief that this growth has been due to our considering an order for our supplies a privilege and to the fact that our materials are the finest which can be obtained.
