VOLUME XXXV

NUMBER 3

CONTENTS

	PAGE
Constitution and Bylaws of The Tennessee Academy of Science -----	147
Oak Ridge Mobile Radioisotope Laboratory. L. K. Akers, W. W. Grigorieff, F. A. Griffiths, A. L. Myers, and R. T. Overman -----	153
News of Tennessee Science -----	163
Bothriocephalus schilbeodis N. Sp. (Cestoidea: Bothriocephalidae), an Intestinal Parasite of Schilbeodes insignis. Thomas C. Cheng and Hugo A. James -----	164
Membership List, Tennessee Academy of Science -----	169
History of Science Institute -----	184
A Study of the Leucocytes in Rats under Insulin Stress. Wm. G. Downs, Jr. and Bryant Benson -----	186
Psychologists and Psychology. Edward E. Cureton -----	193
A Technique for Heat Transfer Analysis by Electrical Analog. Dillard Jacobs and W. R. Baker -----	206
Announcement of Gas Chromatography Session -----	214

JULY, 1960

For Survey Courses--

Turtox Sets of Kodachrome Lantern Slides

- Set 15TK1 General Biology.** A survey set covering the entire plant and animal kingdoms. Slides are selected for good photography and for representative coverage of the plants and animals most commonly studied. Set of 100 slides\$98.00
- Set 15TK2 General Biology.** Set of 50 slides of greatest teaching value in introductory courses.....\$49.00
- Set 15TK4 General Botany.** A set of 100 slides covering the entire plant kingdom; including some on microscopic anatomy
- Set 15TK5 General Botany.** An abridged set of 50 slides for introductory courses, covering those subjects most generally studied\$49.00
- Set 15TK7 General Zoology.** A set of 100 slides covering the entire animal kingdom and including both gross and microscopic forms\$98.00
- Set 15TK8 General Zoology.** An abridged set of the 50 slides most useful in an introductory course\$49.00
- Set 72L1 Human Histology.** A comprehensive and outstanding set of Kodachrome lantern slides produced under the supervision of the teaching staff of the Department of Anatomy of the University of Illinois College of Medicine. These are all excellent photo-micrographs of specially selected slides. Set of 200 slides\$196.00
- Set 72L2 Human Histology.** An abridged set of slides selected from those in Set 72L1\$49.00

You may order on approval for examination.

GENERAL BIOLOGICAL SUPPLY HOUSE

(INCORPORATED)

8 200 SOUTH HOYNE AVENUE
CHICAGO 20, ILLINOIS

THE SIGN OF THE TURTOX PLEDGES ABSOLUTE SATISFACTION

NOTICE TO AUTHORS

Papers submitted for publication in the *Journal* may be sent to any member of the editorial staff. Manuscripts should be typewritten, double or triple spaced, with wide margins, and with legends for figures typed on a separate page. Recent issues should be consulted with regard to matters of style. Each table should be placed on a separate sheet. Footnotes should not be used except very rarely. Greek letters and symbols should be avoided as much as possible.

The style for the list of references should conform to the style used in recent issues of the *Journal*. This list should be headed Literature Cited. The following example illustrates the proper style to be used for references:

Snow, W. E. and Eugene Pickard. 1954. Observations on the seasonal activity of some night-biting Diptera. *J. Tenn. Acad. Sci.* 29: 17-22.

Photographs (black and white glossy prints) may be accepted as illustrations; however, line drawings and diagrams are preferable. Drawings should be made in India ink on white paper or Bristol Board. An article containing more than 2 or 3 illustrations can be published only with the financial cooperation of the author.

A blank form for ordering reprints from the printer is enclosed with the galley proof. The cost of reprints is as follows:

	2 pages	4 pages	8 pages	12 pages	16 pages
100 copies -----	\$8.00	\$10.00	\$19.00	\$28.00	\$37.00
Each additional 100-----	1.50	2.00	4.00	6.00	8.00

The Tennessee Academy of Science is very anxious to include in its membership all teachers and professors of science, research workers in science both in educational institutions and industrial establishments, and all others who are interested in some phase of science. We invite you to join our organization and take part in our activities. The annual dues are: \$4.00 for members except for teachers below the college level, whose dues are \$2.00, and \$10.00 for sustaining members. They may be sent direct with your application for membership to the secretary.

Science Books . . .

. . . Available Now

YOUR SCIENCE FAIR

- **Arden F. Welte—James Dimond—Alfred Friedl**

This handbook is designed to assist educators and public minded citizens to inaugurate and promote the science fair movement. The book includes illustrations of organizational charts and student exhibits. Available now. \$2.75

WORKBOOK FOR FIELD BIOLOGY AND ECOLOGY

- **Allen H. Benton—William E. Werner, Jr.**

The purpose of this manual is to teach the student how to use the tools of field biology and ecology most effectively. It may be used in beginning natural history courses and also for more intensive and extensive study. Available now. \$2.75

A LABORATORY AND FIELD MANUAL OF ORNITHOLOGY

- **Olin Sewall Pettingill, Jr., Illustrated by
W. J. Breckenridge, University of Minnesota**

This leading manual for study of birds in both laboratory and field is widely adopted and recognized as one of the best ornithological texts. It is useful in both Canada and the United States. Available now. \$5.00

METABOLIC MAPS, VOLUME II

- **Wayne W. Umbreit, Rutgers University**

These metabolic maps present experimental information about the reactions that occur in living cells at a glance. Material is written to be of use to both the advanced research worker and the student. Available now. \$5.50
