

TENNESSEE ACADEMY OF SCIENCE

NETWORKS PROGRAM

The Tennessee Academy of Science is a valuable resource for K-12 science education. There are currently over 100 members willing to volunteer their time and communicate directly with your class via the Internet. These scientists feel that personal communication is an important part of a child's science education. With the technology available today, this communication can be efficient and fun.

The extent to which you use the TAS Networks Scientists is up to you. This can range from a simple E-mail question and answer, to web page visits and exchanges of images, graphs, or sounds, to classroom visitations.

How do you contact a TAS Networks Scientist?

Simply visit the TAS Membership Database on the World Wide Web at: <http://tas.rhodes.edu/tas/tasmembers.htm>. At this site you can search for scientists whose interests correspond to those of your class. For example, let's say your class has a question about acid-base titrations. You could search the database for scientists with an interest in chemistry. When you e-mail the Networks Scientist of your choice, please also send a copy to David Kesler at kesler@rhodes.edu.

Does this cost anything?

No. This is a volunteer activity sponsored by the Tennessee Academy of Science.

Who do I contact if I have questions?

Contact either: Dr. Michael L. Daley
Department of Electrical Engineering
The University of Memphis
Memphis, TN 38152
Office: 901-678-3254
Fax: 901-678-5469
E-mail: daileym@memphis.edu

Dr. David H. Kesler
Rhodes College
2000 N. Parkway
Memphis, TN 38112
Phone: 901-843-3557
Fax: 901-843-3565
E-mail: kesler@rhodes.edu

TENNESSEE ACADEMY OF SCIENCE

CALL TO THE MEMBERSHIP FOR ITEMS FOR THE TENNESSEE STATE ARCHIVES

The Tennessee Academy of Science would like to acquire the following documents pertaining to the Academy for placement in the Tennessee State Archives: programs from annual meetings prior to 1975; Junior Academy documents prior to 1975; Collegiate Division documents prior to 1975; Executive Committee minutes prior to 1975. Other Academy items of historical interest also are requested. Please send items to Sarah H. Swain, Secretary, Tennessee Academy of Science, Department of Biology, Middle Tennessee State University, Murfreesboro, TN 37132.
